Many Firms Consider **Locating** in Lower Part of Bucks Co.

Two Textile Firms, TV and Shoe Mfrs. and Big Drug Firm Like Area

A major paper products company, two textile firms, a television manufacturer, a shoe manufacturing firm, a major drug company and a large perfume manufacturer are considering locating plants in the Bristol area, according to John tion of the Palmyra plaza. W. Franks, secretary of the Bristol-Lower Bucks County Chamber Water Test on Island

These, and other companies like this expanding area, said Franks. "You might say they prefer Bucks County because of the natural transportation facilities and proximity to the great eastern markets," explained Franks.

BOROUGH ATTORNEY OPPOSES THE PLAN

TLLLYTOWN, Dec. 16 'pros and cons" of the proposed incorporation of Levittown into a city were discussed last evening at a special meeting of Tullytown Borough Council. The session was called by Nicholas M. Eberle, president of Borough council. There were approximately 28 visitors present.

The incorporation of Levittown as a separate municipal unit is of great importance to the borough of Tullytown and considerable time was devoted to the consideration of William Conca, Esq. attorney for

borough council, expressed his op-

position to the suggestion of incorwould be "one big city" within the next five or ten years. He pointed out that it is unnecessary at present to incorporate the community because it is being served by Tullytown borough and three townships A spokesman for Levitt and Sons Inc., Alexander Pollet, suggested that those present await the outcome of a survey to be made on the problem before any decision is reached. This survey is to be made by the Penna. Economy League and the Institute of Local and State Government of the University of

Saul Morgansteen, a Levittown resident, was of the opinion that action should be suspended until after the survey, but said that Levittown should not let itself disintegrate by remaining spread out in the three townships and one borough as at present.

Also discussed were proposed changes in the Levittown sections of the boundaries of the four communties, insofar as the changes affect Tullytown borough The changes, effective Jan. 3, un-

BOROUGH ATTORNEY OPPOSES THE PLAN

TLLLYTOWN, Dec. 16 - The "pros and cons" of the proposed incorporation of Levittown into a city were discussed last evening at a special meeting of Tullytown Borough Council. The session was called by Nicholas M. Eberle, president of Borough council. There were approximately 28 visitors present.

The incorporation of Levittown as a separate municipal unit is of great importance to the borough of Tullytown and considerable time was devoted to the consideration of

this matter by the councilmen. William Conca, Esq. attorney for borough council, expressed his opposition to the suggestion of incorporation on the basis that the area would be "one big city" within the next five or ten years. He pointed out that it is unnecessary at present to incorporate the community because it is being served by Tullytown borough and three townships.

A spokesman for Levitt and Sons, Inc., Alexander Pollet, suggested that those present await the outcome of a survey to be made on the problem before any decision is reached. This survey is to be made by the Penna. Economy League and the Institute of Local and State Government of the University of Saul Morgansteen, a Levittown

Creams Aid Most Complexions

It's feminine and fun to use a pale yellow cleansing cream that's designed to keep skin smooth and lovely.

By HELEN FOLLETT

THERE are complexions so perfect in texture and coloring that they need no other attention than scrupulous cleanliness and daily lubrication. As a rule, these beauty blessings are bestowed upon women of perfect health.

There are other types of skin that seem always to be in a condition of disturbance. Some will not accept soap and will flare up when in contact with it. Such complexions must be pampered with oily cleansings. Occasionally there will be a skin that is allergic to even the purest powder, but this is rare. Some complexions are affected unfavorably by certain foods that cause a rash. Tests will discover what dietary enemies cause this, and they should be avoided.

water. Then the flesh should be dried gently and a soothing cream applied. One must not overlook the effect of health habits on the skin. The diet should be varied so one will consume all the necessary food elements. Lack of vitamins and mineral salts may not only rob the skin of pleasing color, but make the texture coarse. Claude Johnson, of Buckingham Way said he thought it was debatable how to transform from cubic to square foot and he urged an "upgrading" of the ordinance.

George E. Otto, representing the Penn Valley Construction company said "You can write in any raised restriction you want." He cautioned the group to be careful of how high restrictions were because if too high, "it will be very difficult to develop the land."

The ones most strongly in favor of the high standards are those whose whole lives have been spent in "ivory towers" said Otto. These people won't need the restrictions anyway, he said.

However, said Otto, he was agreeable to a transposition of the requirements on an "agreeable basis" without raising the requirements Otto F. Weiner, of R. D. 1 Yardley asked "why not lower the restrictions so that industry could come in and pay some of the school

Weiner was the only one present to vote approval to the recommendation that garden type apartments be allowed in the township subject to certain restrictions. Almost to a man the group voted to remove the recommendation.

The Makefield Civic Association suggested that the homes in R-1 have a minimum living floor area of 1200 square feet, and those in R-2 a 900 square foot minimum living area.

New sewage disposal, dynamite handling, permit fees, parking areas, driveways, water taps, and plan approval requirement were recommended to the supervisors.

The committee making the study includes Warren Beitsch; J. Howell Johnson, James Hiltner, Gordon White, and Robert Stapler. Supervisors A. S. Leedom, Russell Carter and Harry Hoffman heard the arguments.

GEORGE SCHOOL, Dec. 16 The Delhaas Varsity quintet won its second game of the season yesterday afternoon, beating the George School Junior Varsity team, 47-28, on the loser's court.

It was an easy triumph for Coach Stapley Dick's team which scored 17 points in the first quarter and added 15 more in the second. However, in the second half, Delhaas was held to 15 points.

Jim Bustraan and Bob Morris were high for the Delhaas team with 14 and 16 points, respectively. The Delhaas Jayvees were also victorious, trimming the George School Cubs, 41-27, in the preliminary game. Don Fagans scored 10 points to lead the victors.
